SEDAPTA GROUP OFFICIALLY ANNOUNCES THE ACQUISITION OF C.HI GROUP

Genoa, October 26th 2021 - The sedApta Group, a software provider specialized in innovative IT solutions for digital Supply Chain and Smart Manufacturing, announces the acquisition of the C.HI Group (Cyrius High Tech).

The C.HI Group, consisting of Cyrius Consulting, Cyrius do Brasil and BSP Consulting, took its first steps in 2001 following the initiative of Emanuele and Luca Ciriaco, with the aim of offering its customers a partner in the path of digitalization, through the connection of skills, a wide portfolio of ICT services and an international geographical coverage.

The Group is headquartered in Turin, Italy, and has 2 offices in São Paulo and Belo Horizonte, Brazil. "The presence in Brazil expands the potential of our activities in a location where we are already through Atomos Hyla, system integrator part of the Group" says Giorgio Cuttica, CEO of the sedApta Group.

C.HI is a company with different specializations:

- Cyrius is a Competence Center specialized on the main ERP issues, in particular SAP ECC and SAP S4/HANA for large companies, SAP Business One for small-medium enterprises;
- Cyrius implements the Robotic Process Automation (RPA) technology: a cutting-edge solution that allows to automate repetitive and time-consuming flows, offering the ability to reduce costs and human errors;
- BSP develops and markets a document product based on NOSQL databases by integrating modern Machine Learning and Artificial Intelligence algorithms;
- the digital offer is completed with skills in the Web and Communication field.

"The RPA and document solutions will integrate and extend the functionalities of our OSA (Orchestration-Support-Analytics) Suite, our approach to the orchestration of processes through which all the actors involved can be synchronized and coordinated, transferring the right information at the right time, to the right role, making effective decisions quickly," continues Giorgio Cuttica. "The RPA technology, the document management system and the in-depth

expertise dedicated to the integration with ERP systems make the inclusion of Cyrius High Tech in the sedApta Group the necessary evolution of business skills to the next level to support customers for a more complete digital transformation”.
